NEW YORK AND CHICAGO:  
IVISON, BLAKEMAN, TAYLOR, AND COMPANY.

1878.

MAP QUESTIONS ON VIRGINIA AND WEST VIRGINIA.

**VIRGINIA.**

What river, bay, and ocean form the eastern boundary of Virginia?

What State borders Virginia on the northeast?

What States border Virginia on the south?

Through how many degrees of longitude does Virginia extend?

Through how many degrees of latitude does it extend?

**Sea-coast.** — What large bay penetrates the eastern part of the State?

What two capes are at the entrance to Chesapeake Bay?

**Surface.** — Parts of what mountain-ranges form the boundary between Virginia and West Virginia?

What mountains form the boundary between Virginia and Kentucky?

What mountain-ridge extends through the western part of the State?

To what system do these mountains belong? *Ans.* The Appalachian.

Between what countries are the Peaks of Otter in this ridge?

What great swamp is in the southeastern part of the State?

**Rivers.** — In what general direction do most of the rivers of Virginia flow?

What river flows between Virginia and Maryland?

What large tributary does the Potomac receive at Harper's Ferry?

In what mountains are the headwaters of the Rappahannock River?

Into what does the Rappahannock flow?

What two rivers unite at West Point?

What is the name of this river from West Point to Chesapeake Bay?

What are the two constituents of the Pamunky?

Describe James River.

What are the principal tributaries of the James west of the Blue Ridge?

What is the principal tributary of the James east of the Blue Ridge?

What three rivers of Virginia form the Chohan of North Carolina?

What two rivers of Virginia unite to form the Roanoke?

What river rising in North Carolina flows through Virginia into West Virginia?

What rivers in the southwestern part flow into Tennessee?

**Counties.** — What counties border on the Potomac?

What counties border on Chesapeake Bay?

What two counties are between Chesapeake Bay and the Atlantic Ocean?

What counties border on North Carolina?

What counties border on Tennessee?

What counties are in the Shenandoah Valley?

In what county is the State capital?

In what county do you live?

What counties adjoin it?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — Describe the location of the capital with reference to its natural and political situation.

Locate Norfolk; Portsmouth.

What city is six miles south of Washington? [See small map.]

In what county is Lynchburg?

What city south of Richmond is on the Appomattox?

Locate Fredericksburg; Winchester; Staunton; Charlottesville; Danville; Abingdon.

What is the principal mountain-range extending through the northeastern part of the State?

Where is Laurel Ridge? Greenbrier Mountains?

What two mountains are in Randolph County?

**Rivers.** — What river forms part of the northern boundary of West Virginia?

What streams form the headwaters of the Potomac?

What streams form the headwaters of the Monongahela?

What river forms most of the western boundary?

What are the four principal tributaries of the Ohio in this State?

What river forms the boundary between West Virginia and Kentucky?

What are the principal tributaries of the Great Kanawha in this State?

**Counties.** — What counties border on Maryland?

What four counties constitute the "Pan Handle"?

What other counties border on the Ohio River?

What counties border on Kentucky?

What counties border on Virginia?

In what county is the State capital?

In what county do you live?

What counties adjoin it?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — Describe the location of the State capital with reference to its natural and political situation.

What city on the Ohio at the mouth of the Little Kanawha?

What place at the junction of the Elk and Great Kanawha rivers?

What is the county town of Berkeley County?

What town is at the junction of the Shenandoah and Potomac rivers?

What county towns are on the Baltimore and Ohio Railroad between Harper's Ferry and Parkersburg?

What is the county town of the county in which you live?

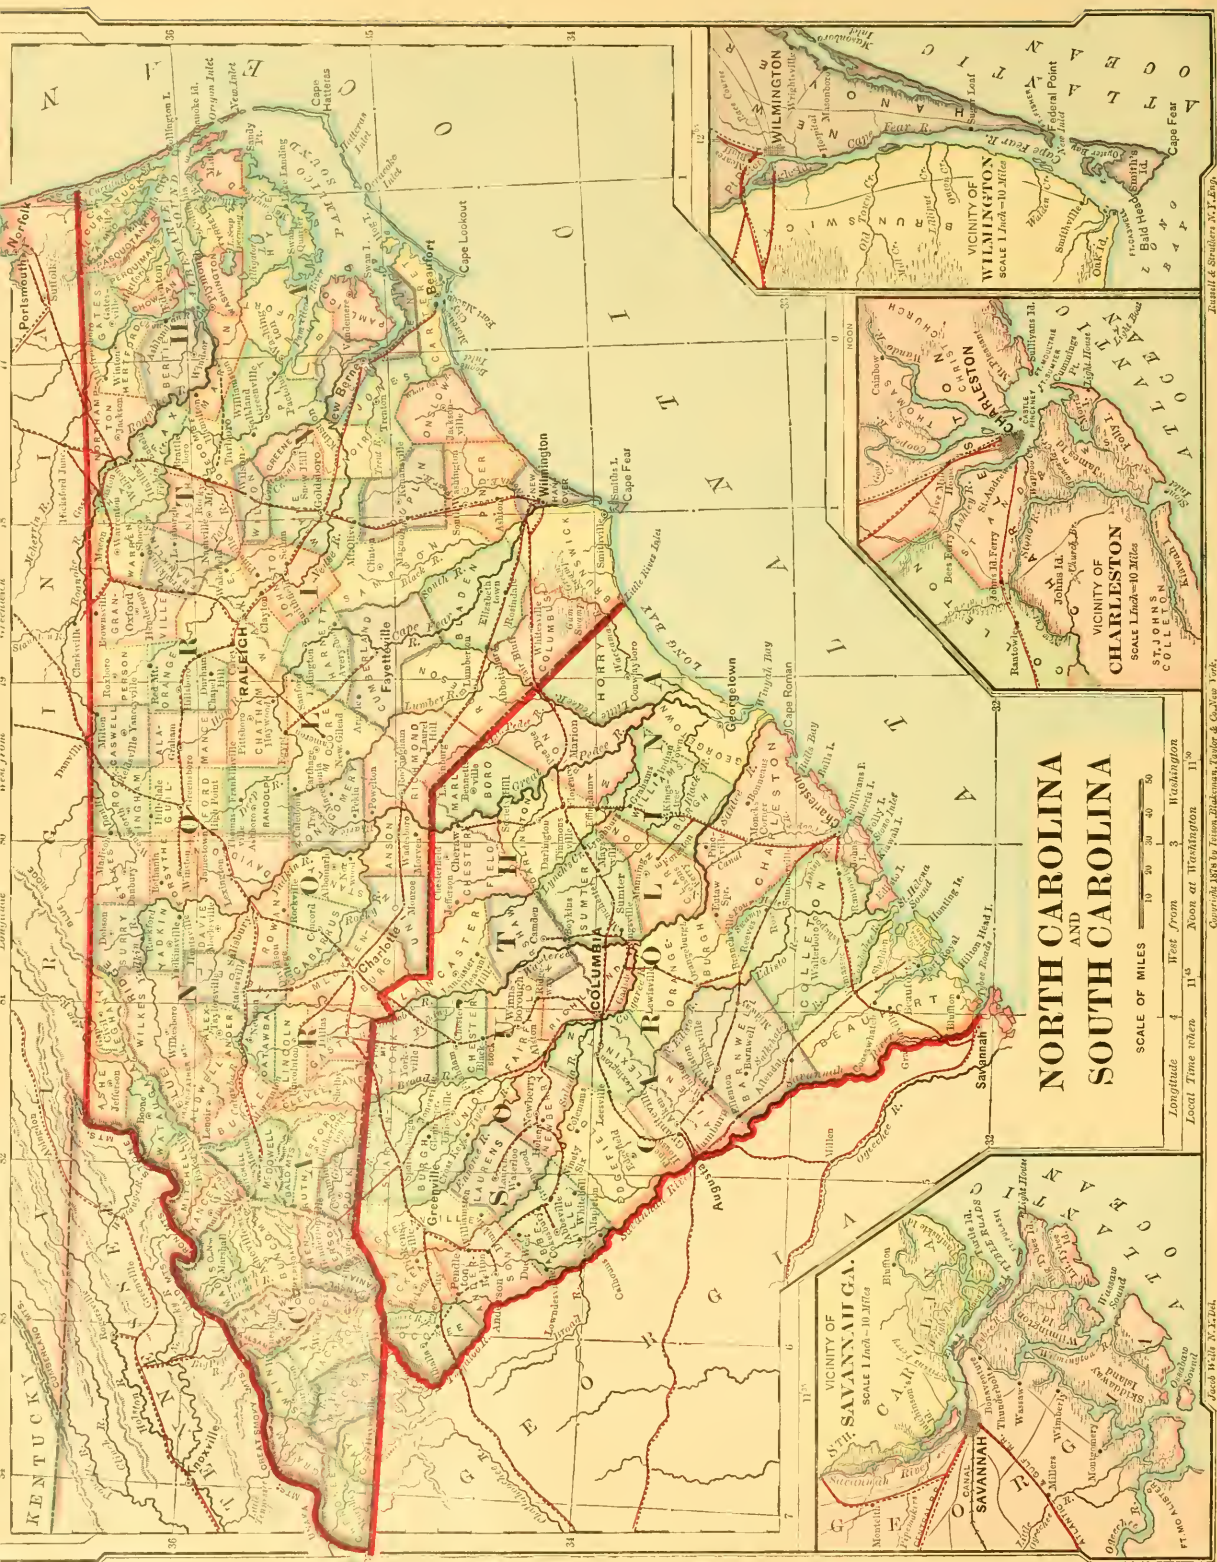

**WEST VIRGINIA.**

**Boundaries.** — What States border West Virginia on the north?

What States border it on the east and south?

What States border it on the west?

**Surface.** — Which part of West Virginia is mountainous?

# MAP QUESTIONS ON NORTH AND SOUTH CAROLINA.

## NORTH CAROLINA.

**Boundaries.** — What two States border North Carolina on the north?  
 What two States border it on the south?  
 What natural boundary has the State on the east?  
 What State borders it on the west?  
 What natural boundary between North Carolina and Tennessee?  
 Between what degrees of longitude does North Carolina extend?  
 Between what degrees of latitude does it extend?  
**Surface.** — What mountains form the western boundary of the State?  
 To what system do these mountains belong? *Ans.* The Appalachian system.  
 What mountain-range extends through the western part of the State?  
 What two lofty summits of the Blue Ridge are between Yancey, Buncombe, and McDowell counties?  
 What two swamps are in the south central part of the State?  
 What swamp is in the northeastern part?  
 [Name any local mountains.]

**Sea-coast.** — What three capes project from the eastern coast?  
 Name three sounds in the eastern part of the State.  
 What are the principal inlets to these sounds?

**Rivers.** — What two large rivers rising in Virginia flow into Albemarle Sound?  
 What two rivers flow into Pamlico Sound?  
 What are the two principal tributaries of Pamlico River?

What river flowing through the central part of the State reaches the Atlantic Ocean between New Hanover and Brunswick Counties?  
 What are the principal tributaries of Cape Fear River?  
 What rivers flowing through South Carolina have their source in North Carolina?  
 What rivers of Tennessee receive the drainage of the western part of the State?

**Counties.** — What counties border on Virginia?  
 What counties border on Albemarle Sound?  
 What counties border on Pamlico Sound?

What counties are west of the Blue Ridge?  
 What counties border on South Carolina?  
 In what county is the State capital?  
 In what county do you live?  
 What counties adjoin it?  
 [Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — What is the State capital? In what county is it?  
 What are the three principal seaports of the State?  
 On what river is New Bern? Wilmington?  
 Describe the location of Beaufort.  
 In what county is Fayetteville?  
 What is the largest place in Mecklenburg County?  
 Locate Salisbury; Greensboro; Asheville; Goldsboro; Chapel Hill.  
 What county towns are on the railroad between Weldon and Wilmington?  
 What county towns are on the railroad between Danville, Va., and Charlotte?  
 What county towns are on the railroad between Charlotte and Wilmington?

## SOUTH CAROLINA.

**Boundaries.** — What State borders South Carolina on the north?  
 What natural boundary has it on the southeast?  
 What natural boundary has it on the west?  
 What State is west of South Carolina?  
 Through what degrees of longitude does the State extend?

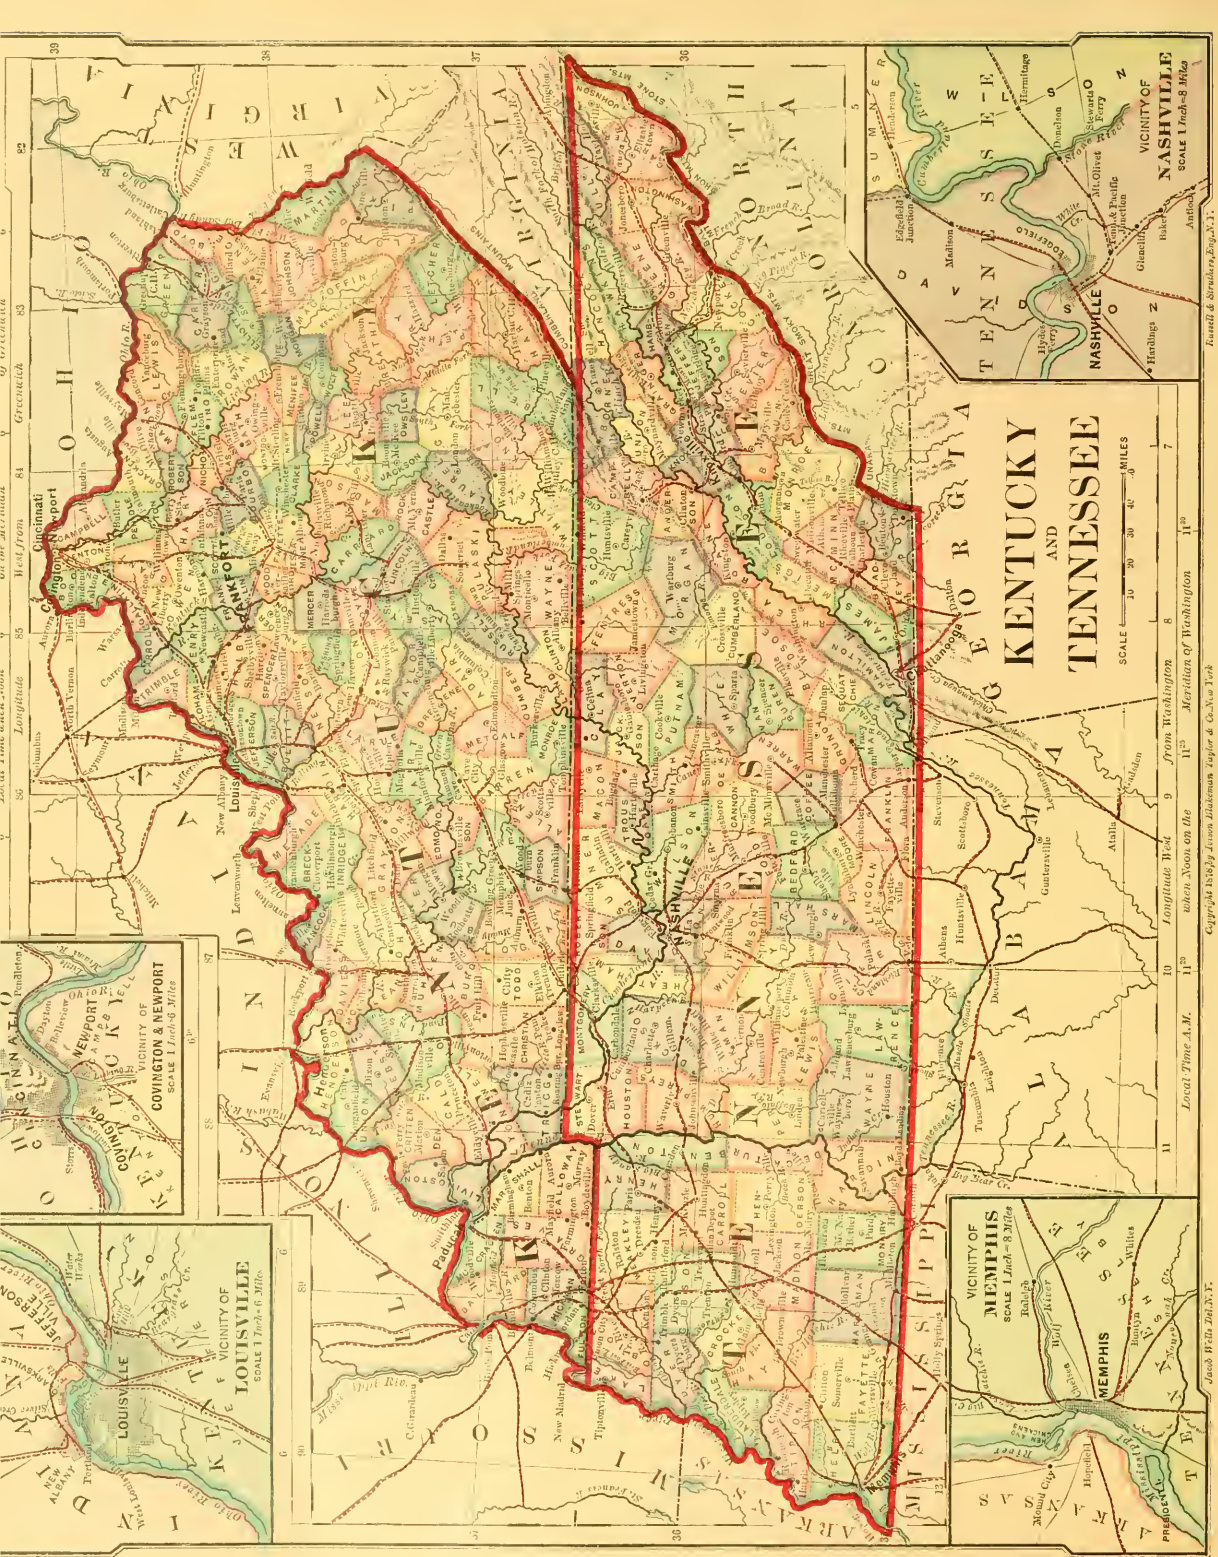

Through what degrees of latitude does it extend?  
**Sea-coast.** — What is the principal cape on the coast of South Carolina?  
 Name the inlets, sounds, and roads beginning at the north.  
 What are the principal islands off the coast?  
 Name the principal islands in the vicinity of Charleston Harbor. [See small map.]

**Surface.** — What part of the State is mountainous or hilly?  
 What mountains form the northwestern boundary of the State?  
 In what county is King's Mountain?

**Rivers.** — In what direction and into what do the large rivers of the State flow?  
 What is the principal eastern tributary of the Great Pedee River?  
 What are the two western tributaries of the Great Pedee River?  
 What two rivers unite to form the Santee?  
 What two rivers unite at Columbia to form the Congaree River?  
 By what name is the Wateree River known in the northern part of its course?  
 What are the principal tributaries of Broad River?  
 At the junction of what two rivers is Charleston? [See small map.]  
 Describe Edisto River.  
 Describe Combahee River.  
 Name two northern tributaries of the Savannah.  
 Describe the Savannah River.

**Counties.** — What counties border on the Atlantic Ocean?  
 What counties border on the Savannah River?  
 What counties border on North Carolina?  
 In what county is the State capital?  
 In what county do you live?  
 What counties adjoin it?  
 [Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — Describe the location of Charleston with reference to its natural and political situation.  
 Name two other seaports.  
 What and where is the capital?  
 What are the principal places on the railroad between Charleston and Cheraw?  
 What are the principal places on the railroad between Charleston and Hamburg?  
 What are the principal places on the railroad between Hamburg and Wilmington, N. C.  
 What are the principal places on the railroad between Columbia and Charlotte, N. C.?  
 Name the principal county towns in the northwestern part of the State that are connected by railroad with Columbia.  
 Locate Spartanburg; Yorkville; Camden; Newberry; Anderson; Cheraw; Georgetown; Beaufort.  
 What is the county town of the county in which you live?

# MAP QUESTIONS ON KENTUCKY AND TENNESSEE.

## KENTUCKY.

**Boundaries.**—What river forms the entire northern boundary of Kentucky?

What three States border Kentucky on the north?

What two States border it on the east?

What State forms the southern boundary?

What natural boundary has the State on the west?

Through how many degrees of longitude does Kentucky extend?

**Surface.**—Which part of the State is most hilly or mountainous?

What mountains form the southeastern boundary?

What ridge between Magoffin and Breathitt counties?

In what part of the State is Pine Mountain?

Where are Green Knobs?

[Name any local mountains.]

**Rivers.**—In what part of the State do most of the large rivers of Kentucky rise?

Describe the Ohio River.

What large river flows through the southern part of the State, and through Tennessee into the Ohio River?

What large river receives the drainage of most of the northern part of the State?

What large river receives the drainage of most of the southern part?

What river and fork form part of the eastern boundary? Through what counties does the west fork of the Big Sandy flow?

What river flows into the Ohio between Newport and Covington?

What into the Ohio at Carrollton?

In what county do the three forks of the Kentucky River unite?

On what river is the capital of the State situated?

Describe Green River.

What tributary from the north does Green River receive in Edmonson County?

What large river flows northward from Tennessee through Kentucky into the Ohio?

**Counties.**—What counties border on West Virginia?

What counties border on Virginia?

What counties border on the Mississippi River?

In what county is the State capital?

In what county is Mammoth Cave?

In what county do you live?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.**—What and where is the largest city in Kentucky?

In what county is it?

Give the latitude and longitude of Louisville?

What two cities are opposite Cincinnati?

Locate Mayville; Lexington; Henderson; Columbus.

What important place is in Henderson County?

What city is at the mouth of the Tennessee River?

Describe the location of the capital with reference to its natural and political situation.

What county towns are on the railroad between Louisville and Nashville?

What county towns are on the Ohio River?

[What is the county town of the county in which you live?]

## TENNESSEE.

**Boundaries.**—What two States border Tennessee on the north?

Which State on its eastern boundary?

What three States border it on the south?

What natural boundary has the State on the west?

What two States are immediately west of Tennessee?

Through how many degrees of longitude does Tennessee extend?

When it is six o'clock at Memphis what is the time at Knoxville?

**Surface.**—What part of the State is mountainous?

On the eastern border of the State what mountains are between the Hiwassee and Little Tennessee rivers?

What mountains between the Little Tennessee and French Broad rivers?

What mountains between the French Broad and Nolichucky rivers?

What mountains between the Nolichucky River and the northeastern corner of the State?

To what system do these mountains belong? *Ans.* The Appalachian.

Into what counties of Tennessee do the Cumberland Mountains extend?

In what counties are other mountains found? [Name any local mountains.]

**Rivers.**—What four rivers flow from Virginia into Tennessee?

Which two of these unite on the border of Union County? Which two of these unite in Knoxville County?

What five flow from North Carolina into Tennessee?

What two rivers unite at Kingston to form the Tennessee River?

Describe the course of the Tennessee River.

What are the principal streams flowing into the Cumberland in this State?

What western tributaries does the Tennessee receive in the western part of the State?

What eastern tributaries does it receive in the western part of the State?

What are the principal tributaries of the Mississippi in this State?

What river joins the Mississippi near Memphis?

What river joins the Cumberland near Nashville?

**Counties.**—What counties border on North Carolina?

What counties border on the Mississippi River?

In what county is the State capital?

In what county do you live?

What counties adjoin the county in which you live?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.**—Describe the location of the capital with reference to its natural and political situation.

What is the largest city of East Tennessee?

In what county is it?

What is the largest city of the State, on the Mississippi River? (See small map.)

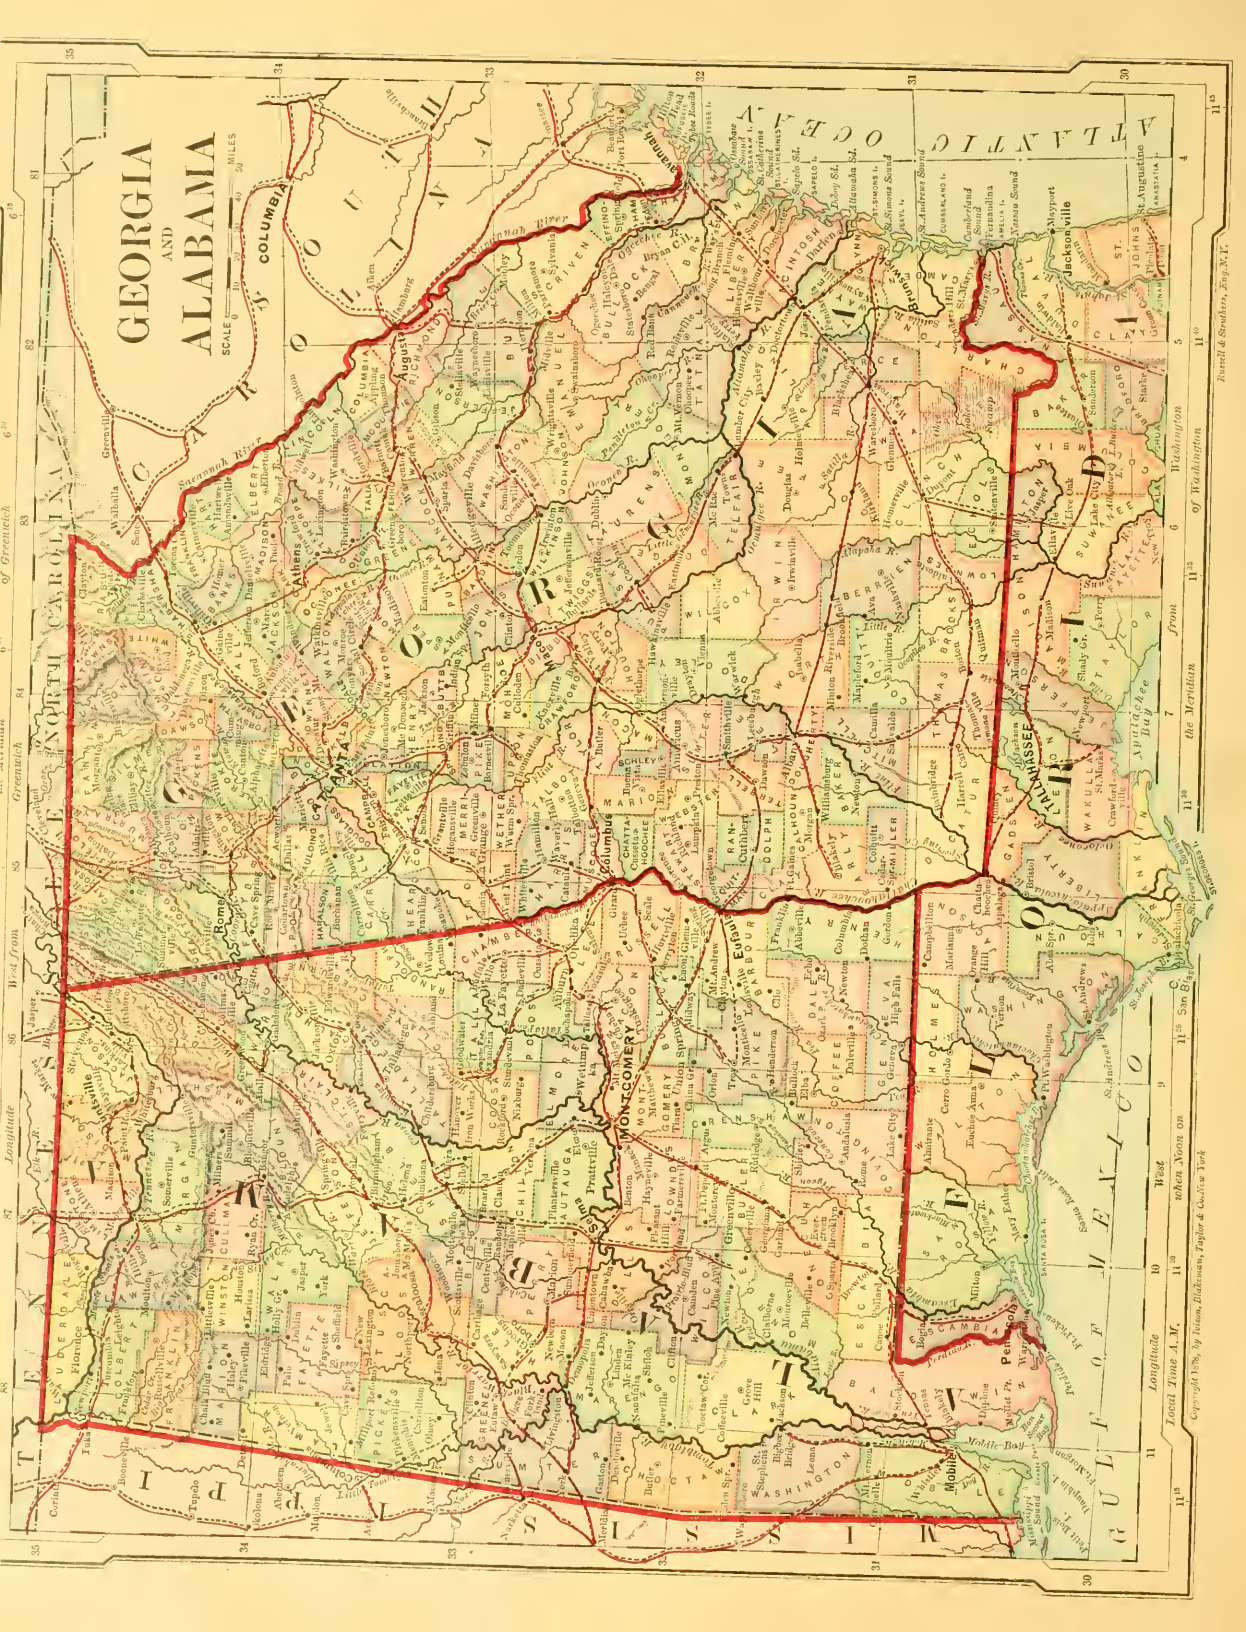

Locate Chattanooga; Murfreesboro'; Jackson; Clarksville; Columbia.

Through what county towns does the railroad from Bristol to Chattanooga pass?

What county towns in the eastern part are on the Tennessee River?

What county towns in the western part are on the Tennessee River?

[What is the county town of the county in which you live?]

Copyright 1908, by F. W. Johnson, Taylor & Francis, Inc.

MAP QUESTIONS ON GEORGIA AND ALABAMA.

GEORGIA.

**Boundaries.** — What two States border Georgia on the north?

What river and ocean form its eastern boundary?

What State borders it on the south?

What two States border it on the west?

Through how many degrees of longitude does Georgia extend?

Through how many degrees of latitude does it extend?

**Sea-coast.** — How many miles of sea-coast has Georgia? [Measure by *scale* on the map.]

Name the principal sounds on the coast.

Name the principal islands off the coast.

**Surface.** — What part of the State is mountainous?

The mountains of Georgia form part of what system?

What mountain-range in the northwestern part of the State?

What great swamp is in the southeastern part?

**Rivers.** — In what general direction do most of the rivers of Georgia flow?

Name the principal rivers flowing into the Atlantic Ocean.

What river flows between Georgia and South Carolina?

What are the two principal tributaries of the Savannah River in Georgia?

What is the largest tributary of the Ogeechee River?

What two rivers unite to form the Altamaha?

What river flows into St. Andrew's Sound?

What river forms part of the boundary between Georgia and Florida?

What streams of Georgia form the headwaters of the Swannee?

What rivers unite at the Florida boundary to form the Apalachicola River?

Which of these is a boundary river?

What river flowing into the Gulf of Mexico rises near the source of the Savannah River?

What two rivers unite at Rome to form the Coosa?

What creek flows into the Tennessee River near Chatanooga?

**Counties.** — What counties border on Tennessee? On North Carolina?

What counties border on the Savannah River?

What counties border on the Atlantic Ocean?

Name the counties bordering on Florida.

How many counties border on Alabama?

In what county is the State capital?

In what county do you live?

What counties adjoin it?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — What and where is the State capital?

Describe the location of Savannah with reference to its natural and political situation.

In what county and near what river is Macon?

In what county and on what river is Augusta?

In what county and on what river is Columbus?

In what county and on what river is Rome?

In what part of the State is Brunswick? Athens?

What county towns are on the railroad between Chattanooga (Tenn.) and Atlanta?

What county towns are on the railroad between Atlanta and Augusta?

What county towns are on the railroad between Atlanta and Macon?

What is the county town of your county?

ALABAMA.

**Boundaries.** — What State borders Alabama on the north?

What State borders it on the east?

What State forms part of its southern boundary?

What forms the remainder of the southern boundary?

What State borders it on the west?

Through how many degrees of longitude does Alabama extend?

Through how many degrees of latitude does it extend?

**Sea-coast.** — Name two bays and one sound on the southern coast?

How many miles of sea-coast has the State?

**Surface.** — What part of Alabama is mountainous or hilly?

To what system do the Alabama Mountains belong? *Ans.* The Appalachian system.

Judging from the course of the rivers, in what direction does the surface slope?

**Rivers.** — What great river enters Alabama at its northeastern extremity, and leaves it at its northwestern?

What shoals in this river between Decatur and Florence?

What is the principal tributary of the Tennessee from the north?

What two rivers unite to form the Alabama River?

What two rivers unite to form the Tombigby River?

Into what bay do the Tombigby and Alabama Rivers flow?

What river forms a boundary between Alabama and Georgia?

What small river forms a boundary between Alabama and Florida?

What two rivers flow from Alabama through Florida into the Gulf of Mexico?

**Counties.** — What counties border on Tennessee?

How many counties border on Georgia?

What counties border on Florida?

What counties border on the Gulf of Mexico?

Name the counties bordering on Mississippi.

In what county is the State capital?

In what county do you live?

What counties adjoin it?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — Describe the location of the capital with reference to its natural and political situation.

What is the only seaport in the State?

In what county and on what river is Selma?

In what county and on what river is Eufaula?

Locate Huntsville; Athens; Decatur; Tuscaloosa; Birmingham; Marion.

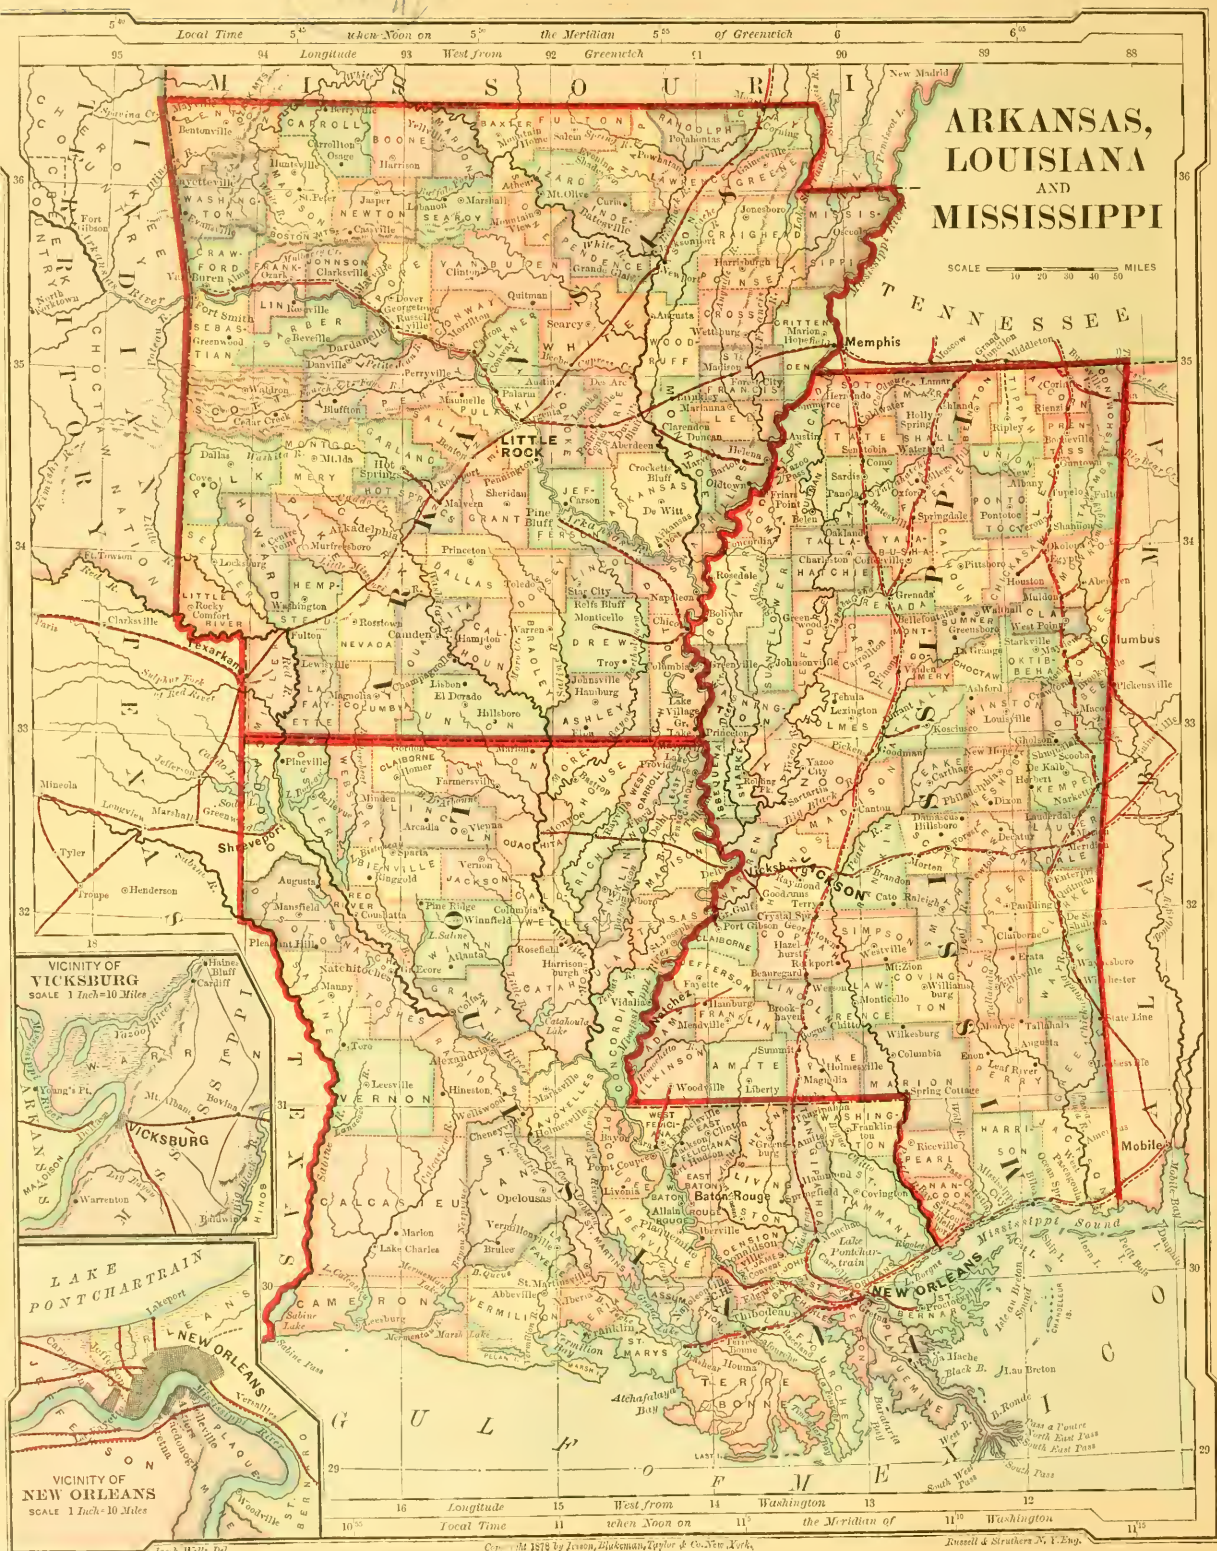

What county towns on the railroad between West Point and Montgomery?

What county towns on the railroad between Montgomery and Mobile?

What county towns on the railroad between Montgomery and Decatur?

What is the county town of the county in which you live?

## MAP QUESTIONS ON MISSISSIPPI, LOUISIANA, AND ARKANSAS.

### MISSISSIPPI.

**Boundaries.** — What State borders Mississippi on the north?

What parallel of latitude forms the northern boundary?

What State borders it on the east?

What State forms part of the southern boundary?

What forms the remainder of the southern boundary?

What two States border Mississippi on the west?

**Sea-coast.** — Name the principal islands off the coast.

What sound between these islands and the mainland?

What river forms a boundary at the southeastern corner of the State?

What river flows through the eastern part of the State into Alabama?

What river flows into Mississippi Sound?

Name its three principal tributaries.

What river forms part of the boundary between Mississippi and Louisiana?

What large river forms the greater part of the western boundary?

What tributary does the Mississippi receive south of Vicksburg?

North of Vicksburg?

Name the four principal tributaries of the Yazoo?

**Counties.** — What counties border on Tennessee? On Alabama? On Mississippi Sound? On Louisiana? On Arkansas?

In what county is the capital?

In what county do you live?

What counties adjoin it?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — On what river is the capital?

In what county and on what river is Vicksburg? Natchez? Columbus?

Locate Biloxi; Shieldsboro'; Meridian; Corinth; Holly Springs; Grenada; Port Gibson; Woodville.

What is the county town of your county?

### LOUISIANA.

**Boundaries.** — What two States border Louisiana on the north?

What State borders it on the east?

What natural boundary has it on the south?

What State borders it on the west?

**Sea-coast.** — What are the four principal bays on the southern coast?

Locate Chandeleur Islands.

What are the principal passes of the Mississippi?

**Lakes.** — What lake is in the northeastern corner of the State?

What three lakes in the northwestern part?

What lake is in the central part of the State?

What three lakes are in the southeastern part?

What three lakes are in the southern part?

**Rivers.** — What two rivers form most of the eastern boundary?

What river forms most of the western boundary?

What great river receives most of the drainage of the State?

What large tributary does the Mississippi receive near latitude 31°?

What is the principal tributary of the Red River in Louisiana?

What are the principal Louisiana tributaries of the Washita River?

What river flows into Lake Calcasieu?

What river flows into Vermilion Bay?

Name the bayons flowing into Grand Lake.

What bayou flows from the Mississippi at Donaldsonville to the Gulf of Mexico?

**Counties.** — What counties border on Arkansas? On Mississippi? On the Gulf of Mexico? On Texas?

In what county is the capital?

What is the name of the county in which you live?

What are the adjoining counties?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — Describe the situation of New Orleans. (See small map.)

In what county and on what river is Baton Rouge?

In what county and on what river is Shreveport?

Locate Monroe; Natchitoches; Alexandria; Plaquemine; Donaldsonville; Port Hudson; Franklin; Brashear; Opelousas; Jackson.

What is the county town of this county?

### ARKANSAS.

**Boundaries.** — What State borders Arkansas on the north?

What three States border it on the east?

What State borders it on the south?

What State and Territory border it on the west?

**Surface.** — What mountains extend from Missouri into Arkansas?

What other mountains are in the northwestern part of the State?

Judging by the course of the rivers, what is the general direction of the slope of the surface in this State?

**Rivers and Lakes.** — What large river forms most of the eastern boundary?

What other river forms a partial eastern boundary?

What lakes are in the northeastern part?

What great tributary of the Mississippi flows entirely across the State?

What tributaries does the Arkansas receive in this State?

What river flowing from Missouri joins the Arkansas near its mouth?

What are the principal tributaries of the White River?

What river forms part of the southwestern boundary?

Describe the Washita River.

**Counties.** — What counties border on Missouri? On the Mississippi River? On Louisiana? On Texas? On Indian Territory?

In what county is the State capital?

In what county do you live?

What counties adjoin it?

[Teacher will ask questions on the local geography of the county.]

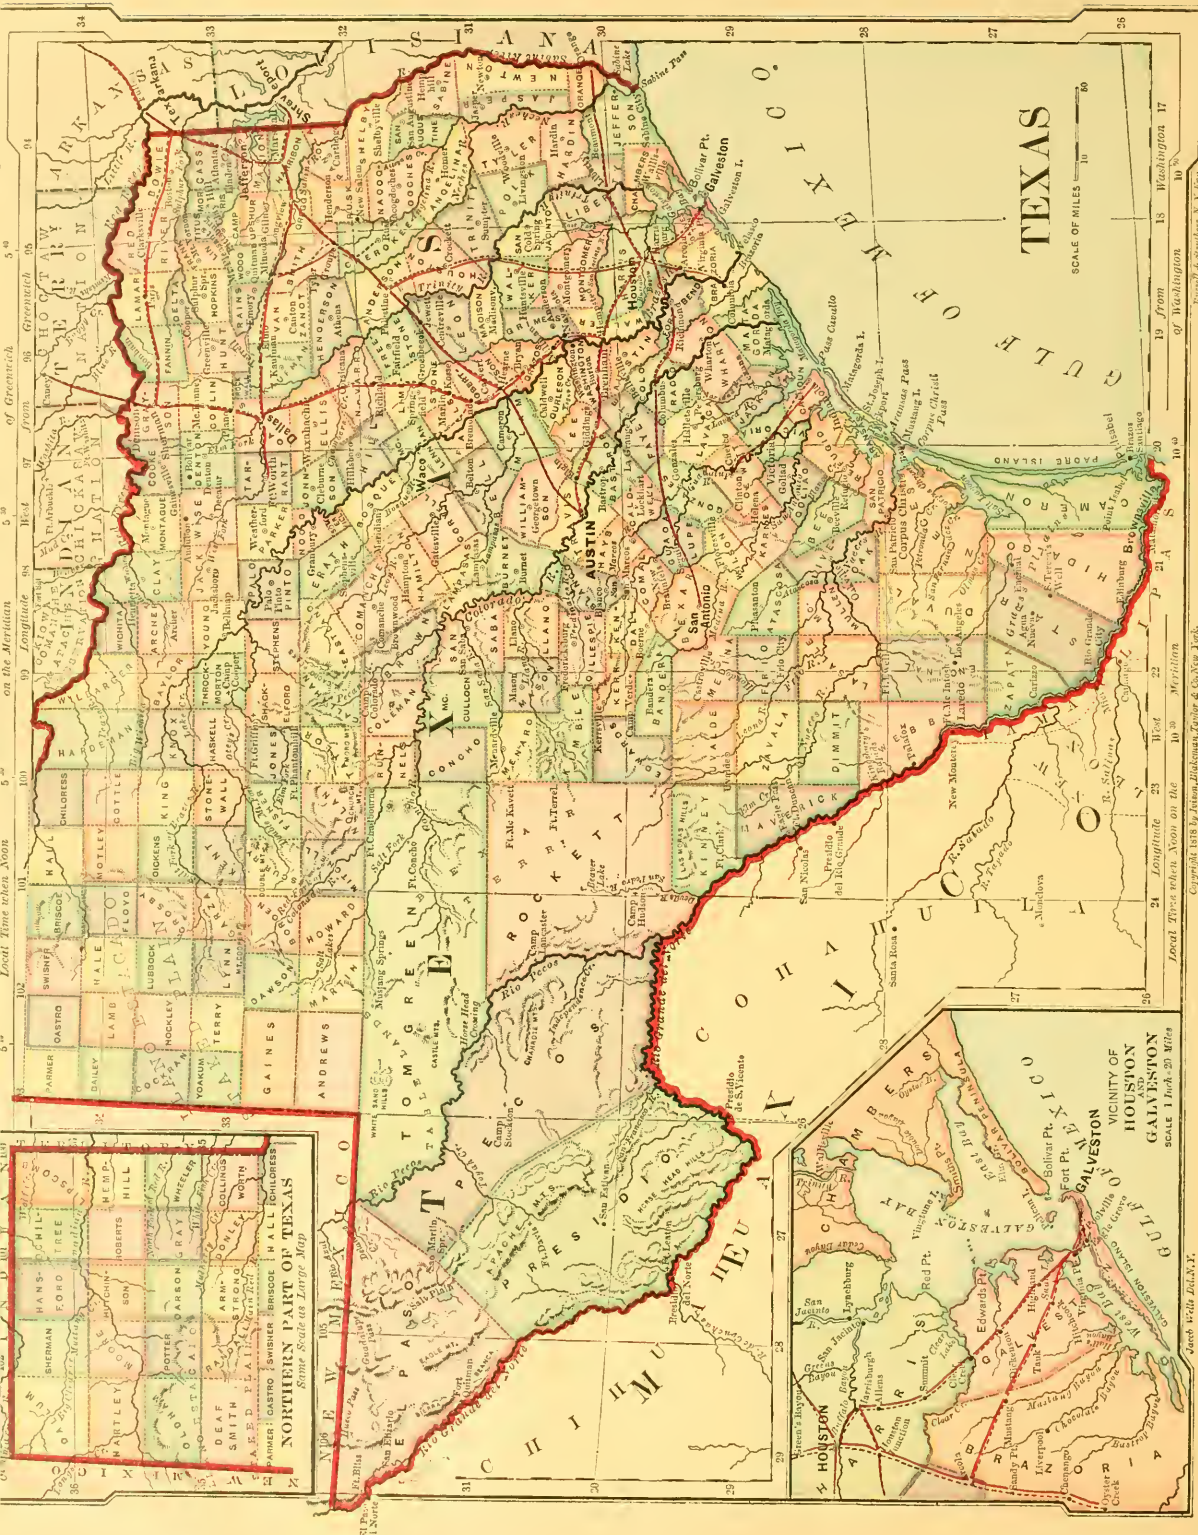

**Cities and Towns.** — On what river is the capital?

In what county and on what river is Fort Smith? Van Buren? Camden? Pine Bluff?

Locate Hot Springs; Fayetteville; Arkadelphia; Helena; Texarkana; Hopefield.

What is the county town of the county in which you live?

Scale 1 inch = 25 miles

MAP QUESTIONS ON TEXAS.

**Boundaries.** — What territory borders Texas on the north?

What State borders on the northeast corner of Texas?

What two States form part of the eastern boundary of Texas?

What forms the other part of the eastern boundary?

What country borders Texas on the south?

What Territory borders the northern part of Texas on the west?

(See Map, page 68.)

Between what degrees of longitude does Texas extend?

Between what degrees of latitude does it extend?

By the scale of miles, measure the greatest extent of Texas from east to west; from north to south.

**Sea-coast.** — What pass is the inlet to Sabine Lake?

What are the three principal bays on the Texas coast?

What large bay in the northern part of the Texas coast?

On what island is Galveston?

What bay is in the southern part?

What bay is between Galveston Bay and Corpus Christi Bay?

What pass is the inlet to Matagorda Bay?

What four islands south of Pass Cavallo?

What is the largest of these?

What two passes are inlets to Corpus Christi Bay?

Where is Point Isabel?

**Surface.** — Judging from the course of the rivers, in what general direction is the slope of the surface?

Where is the Llano Estacado?

What mountains are in El Paso County?

In what county are the Apache Mountains?

What mountains are in Pecos County?

What mountains are in Tom Green County?

Where are the Caddo Peaks?

Where is Double Mountain?

**Rivers.** — What river forms the greater part of the northern boundary?

What lake in the northeastern part of the State?

What river forms part of the eastern boundary?

Into what lake does the Sabine River flow?

What other river flows into Sabine Lake?

What is the principal tributary of the Neches River?

What large river flows into Galveston Bay?

What two other rivers flow into Galveston Bay? (See small map.)

What is the largest river wholly in Texas?

Describe the Brazos River.

Name the principal tributaries of the Brazos.

What large river flows into Matagorda Bay?

What are its principal tributaries?

What two rivers unite at the southern border of Victoria County?

What river flows into Corpus Christi Bay?

What are the principal tributaries of the Nueces?

What river forms the entire boundary between Texas and Mexico?

What is the principal tributary in Texas of the Rio Grande?

What river flows through the northwestern part of Texas? (See small map.)

**Counties.** — What counties border on Arkansas?

What counties border on Louisiana?

What counties border on the Gulf of Mexico?

What counties border on Mexico?

In what county is the State capital?

In what county do you live?

What counties adjoin it?

[Teacher will ask questions on the local geography of the county.]

**Cities and Towns.** — In what county and on what river is the capital?

What is the principal seaport of Texas?

What county towns are on the railroad between Denison and Houston?

What county towns are on the railroad between Texarkana and Houston?

What county towns are on the railroad between Galveston and Austin?

What county towns are on the railroad between Houston and San Antonio?

What county towns are on the railroad between Dallas and Shreveport, La.?

What is the county town of the county in which you live?

What place is at the mouth of the Brazos River?

What place is at the mouth of the Colorado?

What place is at the mouth of the Nueces?

What is the most southern seaport of Texas?

What city is opposite Matamoros?

In what county and on what river is Houston?

In what county is San Antonio? Jefferson?

In what county and on what river is Dallas?

Locate Sherman; Waco; Fort Worth; Denison; Marshall; Indianapolis.
